

## Make your Holiday Gift “Caring for Kids”

This Holiday Season give in the name of a child or someone you love.

Sponsor a **One Humanity Teddy Bear** and we'll donate it to a child in a Ukrainian orphanage. Proceeds from your gift will provide heat for Ukrainian families in the Oswiecim, Poland **House of Hope**. Heating costs have tripled and we must keep these families warm.

Each Teddy Bear has a personalized caring notecard with artwork by Polish and Ukrainian students living in Poland, who hope to continue sharing their love as pen pals.

The **House of Hope** is an Initiative of the **One Humanity Institute** located in Oswiecim, Poland. Our building was renovated this past year with funds from around the world. We now have over 20 Ukrainians living there as guests and provide them a 3-6 months transition home during these challenging times.

## DONATE HERE

**Give your generous support to benefit these children and families impacted by the war.**

Happy Holidays and with Gratitude,  
One Humanity Institute  
A House of Hope
